EDUCATION

BachelorofScience (B.Sc.) in Computer Science & Engineering
GreenUniversityof Bangladesh ■ Dhaka
September 2025, (CGPA: 2.91 out of 4.00)

Diploma Engineering (D.E) in Electrical Engineering
Oxford Private Engineering Institute ■ Jashore
September 2024, (CGPA: 3.53 out of 4.00)

HigherSecondary School Certificate (HSC) in Science
Jashore Govt. City College ■ Jashore
June 2020, (GPA: 4.00 out of 5.00)

KEY ACHIEVEMENTS

UI/UX Design Projects
Successfully designed and developed multiple interactive prototypes that significantly improved user experience for various applications

User Experience Optimization
Achieved high user satisfaction rates through effective interface designs

SKILLS

Programming & Development:
- C Programming
- JAVA
- HTML, CSS
- Pyt hon
- JavaScript
- PHP
- MySQL

UI/UX & Design:
- UI/UX Design
- Graphic Design (Adobe Photoshop,
- Adobe Illustrator, Canva)

Other Tools:
- Microsoft Office

Soft Skills:
- Project Management
- Customer Engagement Strategies
- Communication & Writing Skills

PROJECTS

RestaurantManagement System
A comprehensive management system designed for restaurants

- Developed a web-based restaurant management system.
- Managed reservations, orders, and billing efficiently.
- Streamlined restaurant operations through digital automation.

TCP-file-transfer-master
A project focused on network communications
- Implemented a reliable network file transfer solution using TCP protocols

CERTIFICATION

Certificate in General Electronics

- Completed acomprehensivetrain ing in General Electronics.
- Gained knowledge of foundational electronic principles.
- Hands-on experience with electronic components.
- Skilled in circuit troubleshooting techniques.

IT Support Services

- Comple ted comprehensive training under the SEIP program, supported by the Ministry of Finance.
- Gained expertise in computer troubleshooting.
- Acquired skills in network optimization and OS setup.
- Trained in workplace safety practices.

Freelance Graphic Designer

- Gained experience ingraphic design and digital content creation.
- Designed logos, banners, and posters for various purposes.
- Created engaging social media content for online platforms.

PROJECTS

Camera Classifier

◼ 01/2023   06/2023

An artificial intelligence project focused on image classification

- Created an AI model to classify images with high accuracy
- Optimized algorithms for better performance

Hospital Management System

◼ 01/2023   06/2023

A digital solution for hospital management

- Developed a hospital management system with patient data and appointment features.
- Integrated modules for healthcare service management.

INTERESTS

Design and Technology Enthusiast

- Worked on UI/UX and graphic design projects
- Skilled in design tools & techniques
- Focused on creating user-friendly interfaces
- Passionate about machine learning
